

# We have reached 58% of our goal!!

Dear Families...

The WHPTO needs your help! We set a goal of \$25,000 for this year (which is slightly higher than the total amount brought in over the last few years). It is imperative that we extend our collection in order to be able to support the numerous opportunities (such as Field Trips, 4th Grade Recognition Fun Day, Positive Behavior Parties, COSI on Wheels etc.) Whipple Heights work to provide its students with lots of rich experiences. We traditionally try to only hold one fundraiser per year. Thus, we need to all come together to raise a little more money!

Additionally, as you know we established new prizes this year based on classroom totals (see attached) as well as class participation and so we wanted to provide you with our current information/totals. Anything you can do to help Whipple School as well as your child's classroom is so appreciated. We are going to extend the collection through next *Thursday, October 4th!!!*

Additional monies collected can be sent in the provided envelope. Please, write your child's name and classroom on the envelope. We are confident we can get closer to our goal with your help!!!
