During the 2014-15 school year, five youth ages 12-18 completed suicide in Stark County

At the Youth Suicide and Resiliency Parent Academy you will:

- Learn signs of suicide and how to talk with your child about suicide
- Hear from a parent whose son completed suicide
- Hear from youth about the impact of suicide on students
- Learn what adults can do to help youth using tools to create resiliency

Due to the sensitive nature of the material the target audience for this Parent Academy is adults.

For more information or to register for childcare please call Diane at: 330-438-2579.
