

FOR IMMEDIATE RELEASE

Update on March 7th, 2018 illness claims at Perry High School

MASSILLON, OH – (March 08, 2018) – *We would like to provide everyone in the community with an update on the candy incident that took place on March 7 at the high school.*

At this time, preliminary indications do not suggest that the candy was tampered with. When the official results are available, we will provide an update. Again, we do not believe there is any additional cause for concern. I would like to thank area safety services for their quick response and support. I would also like to thank our staff members for always putting our students first.

Again, the well-being of our students is our top priority and we take all situations that may impact their safety and health very seriously.

*Sincerely,
Scott A. Beatty
Superintendent
Perry Local Schools*
